

Kaitake Golf Club. Mens Comp update: October 2024.

A quick update on recent Men's competitions and results at Kaitake.

The men's Shootout final was completed on Saturday 19th October, with the 19 qualifiers setting off on the 1st in nice conditions. The field typically used up all available fairways and rough and was often well spread out.

Hackers were quickly whittled out with the cream rising to the top. The last 3 men standing were all left handers

In the end the 18th was played out between Dave Te Whare and Roger Cloke. Clokey's audacious driver off the deck wasn't quite enough to steal the result from Dave who had played a beautifully steady round all day. Congratulations to Dave and many thanks to organiser Boof, Hori for being the ref on the day and Simon for once again donating the golf balls for the event.

In other events, Kaitake sent a team of hopefuls to the Taranaki Top Club competition played at Inglewood golf course. The team of Simon Spurdle, Denis Avison, Alan Bennett and Kris White had a combined Stableford of not many and unfortunately didn't feature too well on the leaderboard. Would be good to see interest amongst the men for this annual event as it's a trophy Kaitake have held in the past.
